Over \$40 million but not more than \$60 million, tax rate for the excess over \$40 million is .00048.

Over \$60 million tax rate for the excess over \$60 million is .00024.

INSTRUCTIONS

Two or more captive insurance companies under common ownership and control may file a single return and pay tax as a single captive insurance company. Attach a list of all captive insurance companies included on the return. Common ownership and control means, in the case of stock corporations, the direct or indirect ownership of 80% or more of the outstanding voting stock or two or more corporations by the same shareholder(s) and, in the case of mutual corporations, the direct or indirect ownership of 80% or more of the surplus and voting power of two or more corporations by the same member(s).

The disclosure of your SSN or FID# is mandatory, authorized by 42 U.S.C. §405(c)(2)(C) and used to identify taxpayers affected by Vermont tax laws.

Returns are subject to a minimum tax of \$7,500.00. The annual maximum aggregate tax shall be \$200,000.00. The maximum aggregate tax to be paid by a sponsored insurance company shall apply to each protected cell only and not to the sponsored captive insurance company as a whole. 8 V.S.A. §6014(c).

No reinsurance premium tax is payable in connection with the receipt of assets in exchange for the assumption of loss reserves and other liabilities of another insurer under common ownership and control if the transaction is part of a plan to discontinue the operations of that insurer and if the parties intend to renew or maintain such business with the captive insurance company.

All direct premiums written by a Vermont Captive regardless of their taxability in another state are subject to tax by Vermont.
